Hossain Md Alvi

MBA (Business Analytics) · Bachelor of Information Technology

PROFESSIONAL SUMMARY

Analytically driven and commercially aware professional currently completing an MBA in Business Analytics, building on a Bachelor of Information Technology. With a background spanning digital freelancing, client-facing service, and data-oriented coursework, I bring a practical ability to bridge technical insight with real-world business outcomes. My experience working independently across international platforms has sharpened my project management, communication, and stakeholder skills — qualities I am keen to apply in a structured corporate environment.

EDUCATION

Master of Business Administration — Business Analytics *Feb 2026 – Nov 2027 (Current)*

Australian National Institute of Management and Commerce (IMC), Tasmania

Relevant focus: Data Analytics, Strategic Management, Business Intelligence, Corporate Decision-Making

Bachelor of Information Technology *Feb 2023 – Nov 2025*

Crown Institute of Higher Education, North Sydney, NSW

Relevant coursework: Systems Analysis, Database Management, Web Technologies, Project Management

Bachelor of Science (BSc) in Computer Science and Engineering (Incomplete) *April 2021 – March 2022*

Brac University, Dhaka, Bangladesh

Relevant coursework: Python programmer, Digital Logic Design, Electronic Devices & Circuits

EXPERIENCE

Freelance Web Developer & SEO Specialist | *Self-Employed — Upwork & Fiverr* *2019 – 2022*

- Delivered end-to-end web design and development solutions for clients across multiple countries, managing projects independently from brief through to deployment.
- Provided on-page and technical SEO audits, translating data from analytics tools into actionable optimization strategies that measurably improved client search rankings.
- Built and sustained long-term client relationships through clear communication, milestone reporting, and consistent delivery against agreed timelines.
- Managed competing project deadlines simultaneously while maintaining quality — developing strong self-discipline and professional accountability.

Customer Service Representative | *Shell Reddy & Coles Express, Sydney* *2023 – 2025*

- Served as a reliable front-line representative across a multi-site retail network, consistently maintaining service standards under high-volume, fast-paced conditions.
- Handled cash reconciliation, stock management, and end-of-day reporting, demonstrating attention to detail and commercial awareness.
- Trained and supported new team members, demonstrating initiative and leadership capability within a team setting.

KEY SKILLS & COMPETENCIES

- Business & data analytics fundamentals
- MySQL
- Power BI & Tableau
- Python, JavaScript, C++
- MS Office Suite (Word, Excel, PowerPoint)
- Stakeholder communication & reporting
- Time management & task prioritization
- Cross-cultural collaboration

PROFESSIONAL STRENGTHS

Adaptable & Self-Directed — Demonstrated through years of independent freelance work and parallel academic study, managing multiple responsibilities without direct supervision.

Commercially Minded — Able to connect technical outputs to business objectives, informed by both IT expertise and ongoing MBA study in analytics and strategy.

Reliable Under Pressure — Proven ability to perform consistently in fast-paced, customer-facing and operational environments, including multi-site and overnight shifts.
